Workshop Descriptions

Participants will choose two workshops in the morning and two workshops in the afternoon!

Photography Safari
Patti Suler
Northwest Houston Photo Club
Patti and the Safari Guides will take you on a field experience for a real life photography outing. Youth will learn the basics of composition and what makes an interesting photo. They will work with the photographers on a scavenger hunt of interesting subject matter. The safari review conducted at the end of the day will offer participants opportunities for feedback on their best shots. Bring your cameras and a media card.

Wizard of Macro
William Banik
Houston Photographic Society
William plans to get participants so close to insects that the details will be awesome. He shares all the techniques for adapting equipment to capture amazing creatures. Participants will learn the secrets of getting close up and personal with the subject. “The Wizard” will pull the curtain on the technology that makes it all happen.

Wicked Photography!
Paul Batchelder
Northwest Houston Photo Club
“Wicked Photography” challenges participants to capture sensational images using low light, night and other dark specialties. Join Paul Batchelder to explore easy and creative ways to shoot stunning photos. This interactive program includes: Low Light - Night Shooting, Black and White, Stop Action, Aerial Photography, Zoom Blur, and Fireworks. Bring your camera.

Nature Seekers
Cletus D. Lee
Houston Camera Club
Nature Seekers will explore the unique beginnings to a new perspective on nature photography and take you on a journey to perfect your hunting skills. This session will cover all the basics from equipment to shutter speed and seeking out the right subject. Cletus will provide a short field experience filled with nature observation and still life set up. Bring your camera and adventurous spirit.

Painting with Light
George R. Phile
Houston Photographic Society
George will create magic with light and guide participants to explore the techniques for painting with light. Participants will need to know how to do a time exposure on their camera and bring a tripod. This will be close work in a dark room using flashlights, cameras, tripods and your imagination!

Wanderlust for Travel Photography
Wayne R. Wendel
Bridgeland Photography Club
Wayne will take you on his unique adventures and share the rules of thumb for travel photography. His presentation will include basic elements of photography, equipment, and composition to telling the story of your trip through pictures. This will be an adventure you will not want to miss. Bring your camera and wanderlust for traveling.
