13. **Time Limits**. Time limits for all categories will be strictly enforced. All categories have a time limit of six (6) minutes for presentation and four (4) minutes for set-up, soundcheck, and break down, for a total of ten (10) minutes per act. A penalty of five (5) points per minute or part of a minute over the time limits allowed will be deducted from the total score.

14. **Order of performance**. An impartial drawing will be held to establish the order of participation for all entries in each category.

15. **Introduction of the Act**. **Contestants do not need to introduce themselves.** At Texas 4-H Roundup, each act will be introduced individually, immediately prior to their performance by the announcer. The introduction/description will be submitted as part of the Required Information Form that is due prior to Roundup (May 18th). Anything that needs to be said should be included in the introduction to be read by the announcers; however, if you choose to add information in your act, it will count against your performance time and may confuse judges depending on the delivery method. This ruling may vary at County and District, so contestants should contact their County Extension Agent to determine what is appropriate for County and District performances.
